Estimator	Shorthand	Line
No Propensity Score Used		
Nearest Neighbor Matching	NN Matching	
Linear Logistic Regression	Logistic	
Random Forest	RF	
Estimated Propensity Score Used		
Double Robust Estimator using Linear Logistic Regression	DR Logit	
True Propensity Score Used		
Standard Horvitz-Thompson Estimator	Horvitz-Thompson	
Leave-one-out Random Forest Adjusted Horvitz-Thompson Estimator	LOO RF	
Propensity Score Matching on True Propensity Score	PS Matching (True)	
Cross-fitting Horvitz-Thompson Estimator with RF for Covariate Adjustment	CF RF
